

We want to hear from you!

Watershed Implementation Plans (WIP) are required to be developed for each state within the Chesapeake Bay Watershed, to serve as a guide for meeting the pollution reduction targets to improve water quality. The Department of Environmental Conservation (DEC), your local Soil and Water Conservation District through the Upper Susquehanna Coalition, along with other partners are the leads for the development of the WIP in New York.

Please join us for a brief overview of the Watershed Implementation Plan (WIP) with a chance to provide feedback and ask questions about what the WIP means for you. We will be holding a number of events across the watershed for your convenience. Each event will cover the same information.

Monday, April 8, 2019 -- 1:00pm - 3:00pm
Campville Fire Station #3
1281 Route 38
